

# Ecosphere Ozonix® EF1200 Specifications

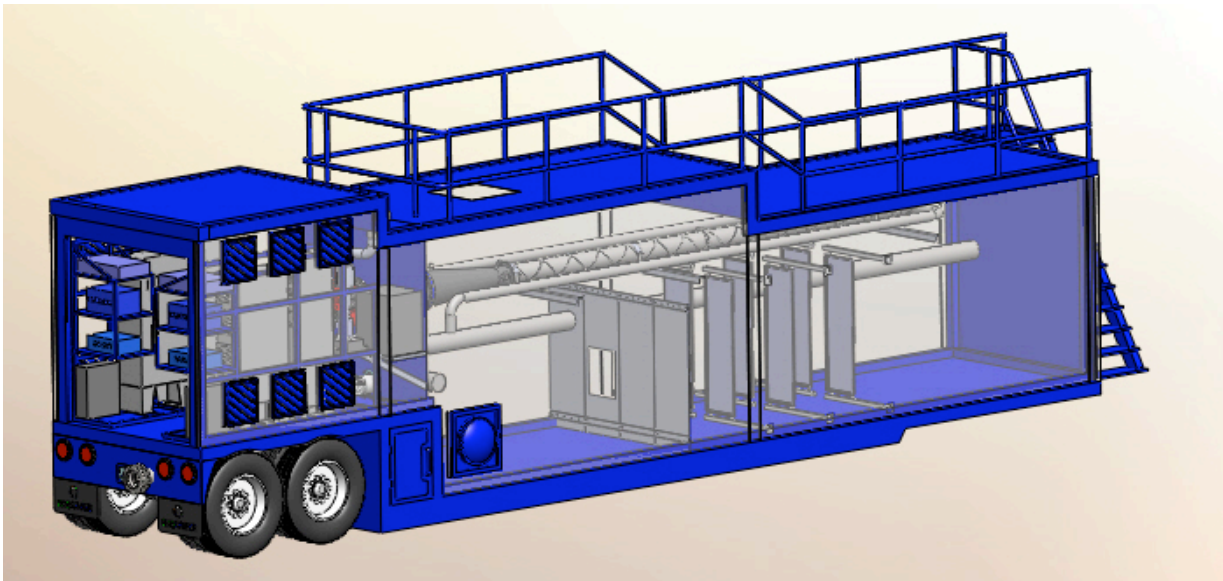

## ozonix

### EF-1200 System Capabilities

The EF-1200 Frac Tank technology is equipped with Ecosphere's Ozonix® cavitation reactor technology. The reactor utilizes ozone, ultrasound, and electro chemical decomposition to create a very efficient and advanced oxidation process. The Ecosphere Ozonix® EF-1200 system is a non-chemical solution to treat large volumes of seawater, containing oil, chemicals and contaminants.

# Ecosphere Ozonix® EF1200 Specifications

## EF-1200 Frac Tank Specifications

- One (1) EF1200 Ecosphere Ozonix® Reactor
- Designed flow rate at 20 BBL / MIN.
- Two redundant ozone systems
- Elongated static mixer provides an extended residence time producing increased hydrodynamic cavitation
- Each Ozone generator provides 360 G / HR or 720 G / HR ozone capacity
- Six (6) disc anodes
- Requires 250 KW, 480 V, 3 ph, 60Hz generator for power
