

Update on CVR

The process for electronic delivery of the CVRs has been completed and a Cusip number has been assigned to the CVRs. Signature Stock Transfer, Inc., the Company's transfer agent, has notified FINRA and NASDAQ regarding the new issue.

If you are a holder of record you will still receive a certificate representing the CVR, which will be mailed directly to you by our transfer agent. If you are a beneficial holder whose shares are held through a brokerage house, your CVRs will be deposited electronically with your broker and should be reflected on your brokerage statement. However, if you would prefer to receive a physical certificate representing the CVRs, you should make such a request directly to your broker. Any inquiries regarding the posting of the CVRs to your account should be made directly to your broker at this time.
