About Synergy Pharmaceuticals Inc.

Synergy is a biopharmaceutical company focused on the development of novel therapies for the treatment of gastrointestinal (GI) diseases and disorders. Synergy's proprietary platform technology is based on the naturally occurring human GI peptide, uroguanylin, a key regulator of normal GI physiology. Plecanatide is our first uroguanylin analogue currently in late-stage clinical development for chronic idiopathic constipation and irritable bowel syndrome with constipation. Dolcanatide (SP-333) is our next-generation uroguanylin analogue presently being explored for ulcerative colitis. For more information, please visit www.synergypharma.com.
